BOS Livestock Expo Programs General Rules & Regulations

Rule Interpretation

- Interpretation and Administration of these rules will be vested in the Youth Livestock Committee, and their decision will be final. Any evidence of fraud coming to the attention of the Committee will be fully prosecuted by the law.

Entries

- Entry forms are available on the Central Florida Fair website; www.centralfloridafair.com or upon request from the: Central Florida Fair, Livestock Department, 4603 West Colonial Drive, Orlando, FL 32808, (407) 295-3247.
- All entries must be made on official entry forms or online with all information complete and accurate and accompanied by fees when applicable. All entries in the Youth Livestock Programs must be submitted via online system by the registration deadline.

Health Requirements

- A Florida Department of Agriculture State Inspector will be on the grounds to check-in all animals and accompanying papers. Animals are not to be unloaded without approval from the State Inspector on duty.
- Any violation of these rules will be grounds for disqualification of entry.
- Market animals will be required to follow the rules outlined in 5C-4- Admission of Animals for Exhibition found on the Florida Department of Agriculture Website or as set forth by the Livestock committee. Please note that the Livestock Committee rules may ask for requirements to exhibit that go beyond the FDACS requirements. Livestock Committees will not be able to require less than put in place by FDACS.
- 2026 COMMERCIAL LAYING HENS NPIP will be up to the discretion of the health inspector!

Premiums and Awards

- The BOS Livestock Expo reserves the right to alter premiums and awards, delete categories or change sponsorships.
- Premiums will be paid based on the judging reports, which must be signed by the show superintendent or clerk.
- Premiums will be mailed to the exhibitor at the address given on the official 2026 entry form. All Address Changes must be sent in writing to Jacki@centralfloridafair.com before August 1, 2026!
- If a Social Security number or Federal ID Number is not provided, the Central Florida Fair will not issue premium or sale checks.

Judges and Judging

- The decision of the judge will be final, and no appeal will be considered.
- Any exhibitor who interferes with the judging will be promptly excluded from competition; if after judging, the premiums awarded will be withheld.
- All animals must be present in the coop to be evaluated by the judge to receive premiums.

Entrance to Expo and Parking

- All livestock exhibitors must enter the Livestock Gate and park in the designated parking lots outside of the fairgrounds. Vehicles parked in non-designated areas will be towed away at the owner's expense.
- All vehicles and trailers will be parked in a remote location adjacent to or near the livestock complex.

Liability for Loss or Theft

- The owner or custodian of property of any kind brought to the fairgrounds either for exhibit or for other purposes assumes, as a condition of its admission to the grounds, all risks and/or responsibility for its loss, damage or theft.
- The Central Florida Fair, BOS Livestock Expo its officers and employees cannot and will not accept responsibility and liability for any damage or injury resulting from theft, fire, the elements, accidents, or other conditions or causes, whether to exhibits, property of exhibitor, vehicles on the grounds and articles left therein, and any other property of any nature whatsoever.

General

- By application for entry to the BOS Livestock Expo, each exhibitor certifies that all exhibits are in accordance with the Rules & Regulations of the BOS Livestock Expo and that the exhibitor agrees to be governed by these rules.
- Exhibitors must reside in Brevard, Orange or Seminole County
- Exhibitors must be enrolled in elementary or secondary school.
- Exhibitors must submit their Report Cards & Homeschooling Forms during registration to determine eligibility into the BOS Livestock Expo.
- Any exhibitor, parent, advisor, teacher, leader, or other, who displays unprofessional behavior toward any member of the Fair Board, Fair Management, Livestock Committee, Graders, or Judges, may be just cause for the exhibitor and their animals to be disqualified and removed from the Fairgrounds. Exhibitors may also be barred from showing at future fairs. Each person is responsible for his or her own behavior.
- Animals are restricted to a designated area of the fairgrounds and must not be taken from this area. Violators are liable for any damage incurred by the owner or animal.
- Names and telephone numbers of qualified local veterinarians will be available at the Livestock office. Each exhibitor is responsible for any bills incurred.

NATIONAL CODE OF SHOW RING ETHICS

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)

Exhibitors of animals at livestock shows shall at all times conduct themselves with honesty and good sportsmanship.

Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested (by the approved laboratory to which it is sent) is the one taken from the animal in question. Its integrity is preserved and all procedures of said collection and preservation transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.

No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
